

The **Edwin G. Tegenfeldt, MD**
Patient Care Fund

“Dr. T.”

The fund, named in honor of Peninsula Community Health Services’ first medical director, helps to cover ancillary costs for qualifying patients.

Patients who need medical services such as x-rays, lab work and medications, but cannot afford those services may receive assistance through the program.

About the man ...

Dr. Edwin G. Tegenfeldt was a physician and the original medical director for Peninsula Community Health Services (PCHS) from 1991 to 1997. He stepped down from the administrative side in 1997 to concentrate more on his patients. Those patients adored him, his colleagues admired him and he was the kind of compassionate doctor that everyone hopes for.

Prior to his tenure with PCHS, Dr. Tegenfeldt and his wife, Margaret, served as missionaries in southern India. After 20 years in India he returned to the United States when he saw a growing need for low-income health care servers. He came to PCHS to help fill that void.

Tegenfeldt earned a medical degree from the University of Minnesota in 1964 and specialized in general surgery. He is Board certified in General Surgery and is a longstanding member of the Kitsap Medical Society.

He retired in 2004 with an unprecedented reputation in the local medical communities. He currently resides with Margaret in Pacific Beach, WA, where he has dedicated himself to a new passion of woodworking and furniture making.

Your gift to Peninsula Community Health Services helps to assure accessible, affordable, compassionate, quality health care services for low-income, uninsured and underserved children and adults in our community. Gifts in any amount are welcome and are tax deductible to the extent of the law.

Peninsula Community Health Services is a 501(c)3 organization registered with the Washington State Charities Division and a United Way Agency. Questions? Please call our Administrative office at 360.478.2366.
