

## **Dr. Edwin G. Tegenfeldt Patient Care Fund**

The fund, named in honor of Peninsula Community Health Services' first medical director, helps to pay for ancillary services for qualifying patients.

Patients who need medical services such as x-rays, lab work and medications, but cannot afford those services may receive assistance through this "provider referred" program.

Your gift to the Dr. Edwin G. Tegenfeldt Patient Care Fund helps to ensure our patients receive quality healthcare services they deserve.

Reach Out and Read makes early literacy a standard part of pediatric care so that children grow up with a love of books and reading.

Pediatricians encourage parents to read regularly with their children and distribute free, developmentally and culturally appropriate books to children from six months to five years of age at each wellchild checkup. Through this inexpensive, regular intervention, parents learn that reading aloud is the most important thing they can do to ensure that their children enter school ready to learn.

Your gift to the Reach Out and Read Program will be used to purchase new books for kids who receive their well-child care at PCHS.

## **Willow's Fund**

Your gift to the Willow's Fund will be used to offset co-payments for eligible homeless individuals in the community who receive care from our health centers.
